CODE OF ETHICS 2013

No member should keep more dogs than he/she can adequately care for and keep in a healthy and happy environment. All members should be familiar with and abide by the Animal Welfare Act and their local council regulations. Breeders are to be familiar with the official NZKC Breed Standard and the NZKC Code of Ethics.

It is recommended Breeders DO NOT:

- Mate a bitch under 18 months of age, or breed from a bitch who would be over 8 years of age at the time of whelping
- Breed a bitch to whelp more than four litters
- Breed from a bitch that has already undergone two caesarean sections
- Mate father-to-daughter, mother-to-son, brother-to-sister

Breeders should seek knowledge of inherited defects and strive to eradicate them. All puppies should be sold to genuine homes at the minimum age of eight weeks, adequately wormed and vaccinated, and supplied with a guide to feeding and general care. No dogs should be exported to countries with inadequate animal welfare laws, and extreme care should be exercised when exporting to any other country. Breeders are to be responsible for all puppies they breed, and should accept back all unsuccessful placements, or assist in finding new homes.
